NORTON CLIPPER CMV 1000 VERTO MASONRY SAW

SAINT-GOBAIN

NORTON CLIPPER CMV 1000 *Verto*

The CMV 1000 Verto is our large scale vertical masonry saw suitable for on site wet cutting. Making light work of all building materials and able to safely accommodate large blocks with its hydraulic roller table*, this heavy-duty machine is designed to deliver high performance and has been built to last.

Whilst the CMV 1000 Verto is sturdy and powerful, the machine has been constructed with maneuverability in mind; featuring a wheel kit to allow safe transportation around the work site. A basic version of the CMV 1000 Verto is also available without the wheels and roller table kit*.

FEATURES & BENEFITS

- High performance cutting on blocks up to 650mm in height without flipping the material
- Central lifting eye and built in forklift sleeves (800 x 1200mm) for easy on site maneuverability
- Saw head permanently encapsulated to ensure user safety
- Laser engraved rule on the table helps the operator make a precise cut
- Hydraulic rolling table makes the material placement easier and quicker*
- Wheel kit enables easy movement around the work site*

*Only available on item n°70184603244

PRODUCT DATA

Model	CMV 1000 VERTO	Supply voltage/Power kW (Hp)	400V /7,5kW
Item n°	70184603243 (basic version)	Max blade x bore	1000 x 60mm
	70184603244 (with wheels and roller table kit)	Max material height	650mm
EAN 13 Code	5450248753025 (basic version)	Max cutting depth	650mm
	5450248753032 (with wheels and roller table kit)	Max cutting length	425mm
		RPM	900/min-1
		Weight	583kg
		Dimensions	1200 x 800 x 1995mm

BUILT IN FORKLIFT SLEEVES

EMBEDDED HAND WHEEL ENSURING COMPACT DESIGN

Basic version (70184603243)

TABLE WITHOUT ROLLER

Machine with roller table and wheel kit (70184603244)
