NORTON CLIPPER CM 1000 JUMBO MASONRY SAW

SAINT-GOBAIN

NORTON CLIPPER CM 1000 *Jumbo*

The Norton Clipper CM 1000 Jumbo masonry saw can be used with both 900mm and 1000mm diameter blades and has been optimised to deliver high performance cutting on a variety of large building blocks and natural stones.

This masonry saw features a strong, reinforced table that safely accommodates heavy building materials and its sturdy construction makes the CM 1000 Jumbo a highly durable addition to any work site.

A newly incorporated 'plug-and-play' water pump connection takes the hassle out of maintaining the CM 1000 Jumbo. The machine also features handy transport wheels and forklift sleeves mean that it can be easily maneuvered when on-site.

FEATURES & BENEFITS

- Conveniently allows the use of 900mm and 1000mm diameter blades
- Strong and sturdy table supporting up to 350kg
- Plug and play water pump connection reduces maintenance time
- Emergency push button to stop the machine quickly
- Transport wheels, forklift sleeves and lifting eyelets facilitate transport around the work site
